

This convention was published in the official gazette on the 10th of February 2005 and its provisions shall have effect in respect of taxes on income obtained and amount paid, credited to an account, put at the disposal or accounted as an expense, on or after the first day of January 2005.

CONVENTION BETWEEN THE REPUBLIC OF CHILE AND THE KINGDOM OF DENMARK FOR THE AVOIDANCE OF DOUBLE TAXATION AND THE PREVENTION OF FISCAL EVASION WITH RESPECT TO TAXES ON INCOME AND ON CAPITAL

The Government of the Republic of Chile and the Government of the Kingdom of Denmark, desiring to conclude a Convention for the avoidance of double taxation and the prevention of fiscal evasion with respect to taxes on income and on capital;

Have agreed as follows:

CHAPTER I

SCOPE OF THE CONVENTION

Article 1

PERSONS COVERED

This Convention shall apply to persons who are residents of one or both of the Contracting States.

Article 2

TAXES COVERED

1. This Convention shall apply to taxes on income and on capital imposed on behalf of a Contracting State or of its political subdivisions or local authorities, irrespective of the manner in which they are levied.
2. There shall be regarded as taxes on income and on capital all taxes imposed on total income, on total capital, or on elements of income or of capital, including taxes on gains from the alienation of movable or immovable property, taxes on the total amount of wages or salaries paid by enterprises, as well as taxes on capital appreciation.
3. The existing taxes to which the Convention shall apply are, in particular:
 - (a) in Chile, the taxes imposed under the Income Tax Act, "*Ley sobre Impuesto a la Renta*" (hereinafter referred to as "Chilean tax"); and
 - (b) in Denmark:
 - (i) the income tax to the State ("*indkomstskatten til staten*");
 - (ii) the income tax to the municipalities ("*den kommunale indkomstskat*");
 - (iii) the income tax to the county municipalities ("*den amtskommunale indkomstskat*");
 - (iv) the tax on assessed value of immovable property ("*ejendomsvaerdiskatten*");(hereinafter referred to as "Danish tax").
4. The Convention shall apply also to any identical or substantially similar taxes and to taxes on capital that are imposed after the date of signature of the Convention in addition to, or in place of, the existing taxes. The competent authorities of the Contracting States shall, at the end of each year, notify each other of any significant changes which have been made in their taxation laws.

CHAPTER II
DEFINITIONS
Article 3

Article 4

RESIDENT

1. For the purposes of this Convention, the term "resident of a Contracting State" means any person who, under the laws of that State, is liable to tax therein by reason of his domicile, residence, place of management, place of incorporation or any other criterion of a similar nature, and also includes that State and any political subdivision or local authority thereof. This term, however, does not include any person who is liable to tax in that State in respect only of income from sources in that State or capital situated therein.

2. Where by reason of the provisions of paragraph 1 an individual is a resident of both Contracting States, then his status shall be determined as follows:

- (a) he shall be deemed to be a resident only of the State in which he has a permanent home available to him; if he has a permanent home available to him in both States, he shall be deemed to be a resident only of the State with which his personal and economic relations are closer (centre of vital interests);
- (b) if the State in which he has his centre of vital interests cannot be determined, or if he has not a permanent home available to him in either State, he shall be deemed to be a resident only of the State in which he has an habitual abode;
- (c) if he has an habitual abode in both States or in neither of them, he shall be deemed to be a resident only of the State of which he is a national;
- (d) if he is a national of both States or of neither of them, the competent authorities of the Contracting States shall settle the question by the mutual agreement procedure.

3. Where by reason of the provisions of paragraph 1 a person other than an individual is a resident of both Contracting States, the Contracting States shall by the mutual agreement procedure endeavour to settle the question. In the absence of a mutual agreement by the competent authorities of the Contracting States, the person shall not be entitled to any relief or exemption from tax provided by the Convention.

Article 5

PERMANENT ESTABLISHMENT

1. For the purposes of this Convention, the term "permanent establishment" means a fixed place of business through which the business of an enterprise is wholly or partly carried on.

2. The term "permanent establishment" includes especially:

- (a) a place of management;
- (b) a branch;
- (c) an office;
- (d) a factory;
- (e) a workshop; and
- (f) a mine, an oil or gas well, a quarry or any other place relating to the exploration for or the exploitation of natural resources.

3. The term "permanent establishment" shall also include:

- (a) a building site or construction or installation project and the supervisory activities in connection therewith, but only if such building site, construction or activities last more than six months, and
- (b) the furnishing of services, including consultancy services, by an enterprise through employees or other individuals engaged by the enterprise for such purpose, but only where such activities (activities of that nature) continue within the country for a period or periods aggregating more than 183 days within any twelve months period.

For the purposes of computing the time limits in this paragraph, activities carried on by an enterprise associated with another enterprise within the meaning of Article 9 of this Convention shall be aggregated with the period during which activities are carried on by the enterprise if the activities of the associated enterprises are substantially the same, unless those activities are carried on at the same time.

4. Notwithstanding the preceding provisions of this Article, the term "permanent establishment" shall be deemed not to include:

- (a) the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise;
- (b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;
- (c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;
- (d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise or of collecting information, for the enterprise;
- (e) the maintenance of a fixed place of business solely for the purpose of advertising,

supplying information or carrying out scientific research for the enterprise and any other similar activity if it is of a preparatory or auxiliary character.

5. Notwithstanding the provisions of paragraphs 1 and 2 of this Article where a person (other than an agent of an independent status to whom paragraph 6 of this Article applies) is acting on behalf of an enterprise and has, and habitually exercises, in a Contracting State an authority to conclude contracts in the name of the enterprise, that enterprise shall be deemed to have a permanent establishment in that State in respect of any activities which that person undertakes for the enterprise, unless the activities of such person are limited to those mentioned in paragraph 4 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph.

6. An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business, and that the conditions that are made or imposed in their commercial or financial relations with such enterprises do not differ from those which would be generally made by independent agents.

7. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

CHAPTER III

TAXATION OF INCOME

Article 6

INCOME FROM IMMOVABLE PROPERTY

1. Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other State.
2. For the purposes of this Convention, the term "immovable property" shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources. Ships and aircraft shall not be regarded as immovable property.
3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting, or use in any other form of immovable property.
4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.

Article 7

BUSINESS PROFITS

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on or has carried on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.

2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

3. In determining the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the permanent establishment, including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere.

4. Insofar as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.

5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

6. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

7. Where profits include items of income which are dealt with separately in other Articles of this Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.

Article 8

PROFITS FROM INTERNATIONAL TRAFFIC

1. Profits of an enterprise of a Contracting State from the operation of ships or aircraft in international traffic shall be taxable only in that State.
2. For the purposes of this Article:
 - (a) the term “profits” includes, but is not limited to:
 - (i) gross revenues derived directly from the operation of ships or aircraft in international traffic, and
 - (ii) interest over the amounts derived directly from the operation of ships or aircraft in international traffic, only if such interest is incidental to the operation.
 - (b) the expression “operation of ships or aircraft” by an enterprise, also includes the charter or rental on a bareboat basis of ships and aircraft; if that charter or rental is incidental to the operation by the enterprise of ships or aircraft in international traffic.
3. Profits of an enterprise of a Contracting State from the use, maintenance or rental of containers used for transport of goods or merchandise in international traffic shall be taxable only in that Contracting State.
4. The provisions of paragraph 1 and 2 of this Article shall also apply to profits from the participation in a pool, a joint business or an international operating agency.
5. Whenever companies from different countries have agreed to carry on an air transportation business together in the form of a consortium, the provisions of paragraphs 1 and 2 shall apply only to such part of the profits of the consortium as relates to the participation held in that consortium by a company that is a resident of a Contracting State.

Article 9

ASSOCIATED ENTERPRISES

1. Where

- (a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or
- (b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, has not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the profits of an enterprise of that State and taxes accordingly profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are profits which would have accrued to the enterprise of the first mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State, if it agrees that the adjustment made by the first mentioned State is justified both in principle and as regard the amount, shall make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of this Convention and the competent authorities of the Contracting States shall if necessary consult each other.

Article 10

DIVIDENDS

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.

2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the beneficial owner of the dividends is a resident of the other Contracting State, the tax so charged shall not exceed:

- (a) 5 per cent of the gross amount of the dividends if the beneficial owner is a company that holds directly at least 25 per cent of the capital of the company paying the dividends, and
- (b) 15 per cent of the gross amount of the dividends in all other cases.

This paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

The provisions of this paragraph shall not limit application of the additional tax paid in Chile provided that the first category tax is fully creditable in computing the amount of additional tax.

3. The term "dividends" as used in this Article means income from shares or other rights, not being debt claims, participating in profits, as well as income from other rights which is subjected to the same taxation treatment as income from shares by the laws of the State of which the company making the distribution is a resident.

4. The provisions of paragraphs 1 and 2 of this Article shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

5. Where a company that is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject the company's undistributed profits to a tax on the company's undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

6. The provisions of this Article shall not apply if it was the main purpose or one of the main purposes of any person concerned with the creation or assignment of the shares or other rights in respect of which the dividend is paid to take advantage of this Article by means of that creation or assignment.

Article 11

INTEREST

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.
2. However, such interest may also be taxed in the Contracting State in which it arises and according to the laws of that State, but if the beneficial owner of the interest is a resident of the other Contracting State, the tax so charged shall not exceed 15 percent of the gross amount of the interest.
3. The term "interest" as used in this Article means income from debt claims of every kind, whether or not secured by mortgage, and in particular, income from government securities and income from bonds or debentures, as well as income which is subjected to the same taxation treatment as income from money lent by the laws of the State in which the income arises. The term interest shall not include income dealt with in Article 10.
4. The provisions of paragraphs 1 and 2 of this Article shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the debt claim in respect of which the interest is paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14 of this Convention, as the case may be, shall apply.
5. Interest shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the interest, whether a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.
6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest or the amount of interest bearing debt, exceeds for whatever reason the amount of interest or interest bearing debt which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned interest or to interest on the last-mentioned debt. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.
7. The provisions of this Article shall not apply if it was the main purpose or one of the main purposes of any person concerned with the creation or assignment of the debt-claim in respect of which the interest is paid to take advantage of this Article by means of that creation or assignment.

Article 12

ROYALTIES

1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.
2. However, such royalties may also be taxed in the Contracting State in which they arise and according to the laws of that State, but if the beneficial owner of the royalties is a resident of the other Contracting State, the tax so charged shall not exceed
 - (a) 5 per cent of the gross amount of the royalties for the use of, or the right to use, any industrial, commercial or scientific equipment;
 - (b) 15 per cent of the gross amount of the royalties, in all other cases.
3. The term "royalties" as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work, including cinematographic films, any patent, trade mark, design or model, plan, secret formula or process or other intangible property, or for the use of, or the right to use, industrial, commercial or scientific equipment, or for information concerning industrial, commercial or scientific experience.
4. The provisions of paragraphs 1 and 2 of this Article shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.
5. Royalties shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the royalties, whether a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the obligation to pay the royalties was incurred, and such royalties are borne by such permanent establishment or fixed base, then such royalties shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.
6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.
7. The provisions of this Article shall not apply if it was the main purpose or one of the main purposes of any person concerned with the creation or assignment of the rights in respect to which the royalties are paid to take advantage of this Article by means of that creation or assignment.

Article 13

1. Gains derived by a resident of a Contracting State from the alienation of immovable property situated in the other Contracting State may be taxed in that other State.
2. Gains from the alienation of movable property forming part of the business property of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State or of movable property pertaining to a fixed base available to a resident of a Contracting State in the other Contracting State for the purpose of performing independent personal services, including such gains from the alienation of such a permanent establishment (alone or with the whole enterprise) or of such a fixed base, may be taxed in that other State.
3. Gains from the alienation of ships, aircraft or containers operated in international traffic or from movable property pertaining to the operation of such ships or aircraft shall be taxable only in the Contracting State of which the alienator is a resident.

5. Gains from the alienation of any property other than that referred to in paragraphs 1, 2, 3 and 4 shall be taxable only in the Contracting State of which the alienator is a resident.
6. Whenever companies from different countries have agreed to carry on an air transportation business together in the form of a consortium, the provisions of this Article shall apply only to such part of the profits of the consortium as relates to the participation held in that consortium by a company that is a resident of a Contracting State.
7. Where an individual who ceases to be a resident of a Contracting State, and immediately thereafter becomes a resident of the other Contracting State, is treated for the purposes of taxation in the first-mentioned State as having alienated a property and is taxed in that State by reason thereof, the individual may elect to be treated for the purposes of taxation in the other State as if the individual had, immediately before becoming a resident of that State, sold and repurchased the property for an amount equal to its fair market value at that time. However, the individual may not make the election in respect of property situated in either Contracting State.

Article 14

INDEPENDENT PERSONAL SERVICES

1. Income derived by an individual who is a resident of a Contracting State in respect of professional services or other activities of an independent character shall be taxable only in that Contracting State. However, such income may also be taxed in the other Contracting State:

- (b) if he is present in the other Contracting State for a period or periods amounting to or exceeding in the aggregate 183 days in any 12 month period; in that case, only so much of the income as is derived from the activities performed in that other State may be taxed in that State.

If the employment is so exercised, such remuneration as is derived therefrom may be taxed in that other State.

2. Notwithstanding the provisions of paragraph 1, remuneration derived by a resident of a Contracting State in respect of an employment exercised in the other Contracting State shall be taxable only in the first mentioned State if:

- (a) the recipient is present in the other State for a period or periods not exceeding in the aggregate 183 days in any twelve month period commencing or ending in the fiscal year concerned, and
- (b) the remuneration is paid by, or on behalf of, a person being an employer who is not a resident of the other State, and
- (c) the remuneration is not borne by a permanent establishment or a fixed base which the person being an employer has in the other State.

Notwithstanding the provisions of Articles 14 and 15, income derived by a resident of a Contracting State as an entertainer, such as a theatre, motion picture, radio or television artiste, or a musician, or as a sportsman, from his personal activities as such exercised in the other Contracting State, may be taxed in that other State.

2. Notwithstanding the provisions of Articles 7, 14 and 15, where income in respect of personal activities exercised by an entertainer or a sportsman in his capacity as such accrues not to the entertainer or sportsman himself but to another person, that income may be taxed in the Contracting State in which the activities of the entertainer or sportsman are exercised.

CHAPTER V

METHODS FOR ELIMINATION OF DOUBLE TAXATION

Article 23

ELIMINATION OF DOUBLE TAXATION

1. In the case of Chile, double taxation shall be avoided as follows:
 - (a) residents in Chile, obtaining income which may, in accordance with the provisions of this Convention be subject to taxation in Denmark, may credit the tax so paid against any Chilean tax payable in respect of the same income, subject to the applicable provisions of the law of Chile. This paragraph shall apply to all income referred to in this Convention;
 - (b) where, in accordance with any provision of the Convention, income derived or capital owned by a resident of Chile is exempt from tax in Chile, Chile may nevertheless, in calculating the amount of tax on other income or capital, take into account the exempted income or capital.
2. In the case of Denmark, double taxation shall be avoided as follows:
 - (a) subject to the provisions of sub-paragraph c), where a resident of Denmark derives income or owns capital which, in accordance with the provisions of this Convention, may be taxed in Chile, Denmark shall allow:
 - i) as a deduction from the tax on the income of that resident, an amount equal to the income tax paid in Chile;
 - ii) as a deduction from the tax on the capital of that resident, an amount equal to the capital tax paid in Chile;
 - (b) such deduction in either case shall not, however, exceed that part of the income tax or capital tax, as computed before the deduction is given, which is attributable, as the case may be, to the income or the capital which may be taxed in Chile;
 - (c) where a resident of Denmark derives income or owns capital which, in accordance with the provisions of this Convention shall be taxable only in Chile, Denmark may include this income or capital in the tax base, but shall allow as a deduction from the income tax or capital tax that part of the income tax or capital tax, which is attributable, as the case may be, to the income derived from or the capital owned in Chile.

CHAPTER VI

SPECIAL PROVISIONS

Article 24

NON DISCRIMINATION

1. Nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith, which is other or more burdensome than the taxation and connected requirements to which nationals of that other State in the same circumstances, in

particular with respect to residence, are or may be subjected.

2. The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other State than the taxation levied on enterprises of that other State carrying on the same activities.

3. Nothing in this Article shall be construed as obliging a Contracting State to grant to residents of the other Contracting State any personal allowances, reliefs and reductions for taxation purposes on account of civil status or family responsibilities that it grants to its own residents.

4. Except where the provisions of paragraph 1 of Article 9, paragraph 4 of Article 11, or paragraph 4 of Article 12, apply, interest, royalties and other disbursements paid by an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable profits of such enterprise, be deductible under the same conditions as if they had been paid to a resident of the first-mentioned State. Similarly, any debts of an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable capital of such enterprise, be deductible under the same conditions as if they had been contracted to a resident of the first-mentioned State.

5. Companies of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first mentioned State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar companies of the first mentioned State, are or may be subjected.

6. In this Article, the term "taxation" means taxes that are subject of this Convention.

Article 25

MUTUAL AGREEMENT PROCEDURE

1. Where a person considers that the actions of one or both of the Contracting States result or will result for him in taxation not in accordance with the provisions of this Convention, he may, irrespective of the remedies provided by the domestic law of those States, present its case to the competent authority of the Contracting State of which he is a resident or, if his case comes under paragraph 1 of Article 24, to that of the Contracting State of which he is a national. The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of the Convention.

2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by the mutual agreement procedure with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with the Convention.

3. The competent authorities of the Contracting States shall endeavour to resolve by the mutual agreement procedure any difficulties or doubts arising as to the interpretation or application of the Convention.

4. The competent authorities of the Contracting States may communicate with each other directly, for the purpose of reaching an agreement in the sense of the preceding paragraphs.

Article 26

EXCHANGE OF INFORMATION

1. The competent authorities of the Contracting States shall exchange such information as is necessary for carrying out the provisions of this Convention or of the domestic laws in the Contracting States concerning taxes covered by the Convention, (and may be used in determining the value added tax) insofar as the taxation thereunder is not contrary to the Convention. The exchange of information is not restricted by Article 1. Any information received by a Contracting State shall be treated as secret in the same manner as information obtained under the domestic laws of that State and shall be disclosed only to persons or authorities (including courts and administrative bodies) involved in the assessment or collection of, the enforcement or prosecution in respect of, or the determination of appeals in relation to, the taxes referred to in the first sentence. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions.

2. In no case shall the provisions of paragraph 1 be construed so as to impose on a Contracting State the obligation:

- (a) to carry out administrative measures at variance with the laws and the administrative practice of that or of the other Contracting State;
- (b) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;
- (c) to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process, or information, the disclosure of which would be contrary to public policy ("*ordre public*").

3. If information is requested by a Contracting State in accordance with this Article, the other Contracting State shall obtain the information to which the request relates in the same way as if its own taxation were involved even though the other State does not, at that time, need such information. If specifically requested by the competent authority of a Contracting State, the competent authority of the other Contracting State shall endeavour to provide information under this Article in the form requested, such as depositions of witnesses and copies of unedited original documents (including books, papers, statements, records, accounts or writings), to the same extent such depositions and documents can be obtained under the laws and administrative practices of that other State with respect to its own taxes.

Article 27

MEMBERS OF DIPLOMATIC MISSIONS AND CONSULAR POSTS

Nothing in this Convention shall affect the fiscal privileges of members of diplomatic missions or consular posts under the general rules of international law or under the provisions of special agreements.

Article 28

MISCELLANEOUS RULES

1. With respect to pooled investment accounts or funds (as for instance the existing Foreign Capital Investment Fund, Law N° 18.657), that are subject to a remittance tax and are required to be administered by a resident in Chile, the provisions of this Convention shall not be interpreted to restrict imposition by Chile of the tax on remittances from such accounts or funds in respect of investment in assets situated in Chile.
2. For the purposes of paragraph 3 of Article XXII (Consultation) of the General Agreement on Trade in Services, the Contracting States agree that, notwithstanding that paragraph, any dispute between them as to whether a measure falls within the scope of this Convention may be brought before the Council for Trade in Services, as provided by that paragraph, only with the consent of both Contracting States. Any doubt as to the interpretation of this paragraph shall be resolved under paragraph 3 of Article 25 or, failing agreement under that procedure, pursuant to any other procedure agreed to by both Contracting States.
3. Nothing in this Convention shall affect the application of the existing provisions of the Chilean legislation DL 600 (Foreign Investment Statute) as they are in force at the time of signature of this Convention and as they may be amended from time to time without changing the general principle thereof.
4. Considering that the main aim of the Convention is to avoid international double taxation, the Contracting States agree that, in the event the provisions of the Convention are used in such a manner as to provide benefits not contemplated or not intended, the competent authorities of the Contracting States shall, under the mutual agreement procedure of Article 25, recommend specific amendments to be made to the Convention. The Contracting States further agree that any such recommendation will be considered and discussed in an expeditious manner with a view to amending the Convention, where necessary.
5. Nothing in this Convention shall affect the taxation in Chile of a resident in Denmark in respect of profits attributable to a permanent establishment situated in Chile, under both the first category tax and the additional tax but only as long as the first category tax is deductible in computing the additional tax.
